DAY'S NEWS MIDDLE WEST.

HARRY O'BRIEN, a 14-year-old orphan from St. Louis, Missouri, was found dead in a ditch near the city of St. Louis. The body was found by a farmer and was taken to the city morgue. The cause of death is not yet known. The boy's father was a well-known merchant in St. Louis.

BILL TO BAR BACCHUS FROM HOTELS AND CLUBS.

Measure to Close Jack Doyle's Training Camp at Vernon Is Introduced by Senator Gates—Constitutional Amendments to Enable Governor to Appoint Judges—Tax Increase Adopted.

BY LOU GUERNSEY.

(BY DIRECT WIRE TO THE TIMES)
SACRAMENTO, Jan. 27.—[Exclusive Dispatch.] A measure which would close the saloons of the State and bar Bacchus from hotels and clubs was introduced by Senator Gates today. The bill provides for the prohibition of the sale of alcoholic liquors within 1000 feet of any public place of amusement or resort. It also provides for the prohibition of the sale of alcoholic liquors within 1000 feet of any public place of amusement or resort.

IN THE RADIUS.
The Alexandria and Hayward clubs of the Los Angeles Athletic Club at No. 514 S. Spring, the former home of the Los Angeles Athletic Club. Many of the best players and athletes in Los Angeles are members of the club. The club has a long and successful history and is one of the most prominent sports organizations in the city.

THE PARALLEL.
The following figures show just what the tax rates would be under the old system of taxation and the new system proposed by the bill. The bill provides for a 10 percent increase in the tax rate on real estate. The bill also provides for a 10 percent increase in the tax rate on personal property.

TO APPOINT JUDGES.
A constitutional amendment that would give the Governor the power to appoint judges was introduced by Senator Gates today. The amendment would give the Governor the power to appoint judges for a term of six years. The amendment would also give the Governor the power to appoint judges for a term of six years.

SENATE SESSION.
A NEW PRIMARY BILL.
(BY A. P. NIGHT WIRE TO THE TIMES)
SACRAMENTO, Jan. 27.—Presidential candidates of all political parties of national scope will appear on the ballot in California hereafter if Senator P. C. Jones, Progressive of San Jose, succeeds in passing a bill which he introduced in the Legislature today. The bill, he said, is intended to prevent recurrence of the situation which occurred in the State last fall when delegates to the Republican convention named a list of delegates instructed for Theodore Roosevelt and Hiram W. Johnson, Presidential and Vice-Presidential candidates on the Progressive ticket.

Change the Vibration It Makes For Health
A man, at odds with his stomach, tried leaving off his usual diet, and adopted a breakfast of
A DRUMMER'S TALE
They Sometimes Tell True Ones.
Grape-Nuts
and cream.
His health began to improve for the reason that once in a while one will reach a place where the system becomes clogged and the machinery doesn't work smoothly.
A change of this kind puts aside bulky food of low nutritive value and takes up food of the highest value—partly pre-digested and quickly changed into good, rich blood and healthy tissue.
A few weeks' use of Grape-Nuts food gives one a degree of nervous strength and comfort well worth the trial.

The frankness and candor of our statements have been stamped with the approval of a discriminating public.

There are certain infallible signs by which a man may judge the soundness of the company he is buying into. The experienced investor is cautious and is not led by enthusiasm. He asks:

HAVE YOU ISSUED ANY PROMOTION STOCK? HAVE YOU SOLD TO THE OFFICERS OF YOUR COMPANY OR ANYONE ELSE, STOCK BELOW PAR? HAVE YOU TRADED ANY FOR REAL ESTATE?

To all of these questions we answer **EMPHATICALLY NO.** Our honesty of purpose cannot be questioned.

**RHEUMATISM
CANNOT EXIST**

In the human body if you will use Frank's Prescription for Rheumatism and Gout, it is a ridiculous, absurd and impossible thing to say. It is a pity to waste time in talking about Rheumatism and Gout, much less suffer with it, either inflammatory, muscular, or in any other form of Rheumatism.

Frank's Prescription for Rheumatism and Gout sells for \$1.50, or six for \$1.50. This Prescription does not ruin the stomach, it does not depress the heart. But all the meat and good food you wish while taking Frank's Prescription. It does not contain any kind of Rheumatism or Gout on earth. What more, if you want? There is nothing just as good and it is impossible to get something better. It is also an excellent Liver Medicine. See also at all drug stores.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO BUREAU OF THE TIMES, Jan. 27.—(Exclusive Dispatch.) The William J. Reid Company, business brokers, with sumptuous offices in the Sanger building, whose chief is in the California penitentiary at Folsom following an attempt to swindle the Sanger Bank, Commercial Bank out of \$14,000, was dissolved today by order of Reid. He telegraphed that his business was ruined.

In the offices of the company the members of the large office force received the news that their services would no longer be required without any surprise.

DEBTS OF HIS SISTER.
Bills contracted by Reid's sister in California came into the office with every mail. Among these was a bill of \$40 from a piano tuner for services rendered to Miss Reid.

The firm name was removed from the doors of the office suite early in the day. Both assistants of Mr. Reid resigned their positions and, shortly after the stenographers received word that the firm had been dissolved.

The establishment of the man's two business ventures here is cited as evidence of his determination to break away from the influence of a long criminal career rather than as a blind to present criminal activities.

WORD GOOD AS HIS NOTE.
Reid was declared by business associates to have had a wonderful genius for organization. He was prompt and conscientious in the payment of his obligations, and his word was as good as his note among those who had dealings with him. Dreams of future conquests which he became true, made the man an object of wonder among those who knew him, and the news of his arrest was at first branded as a "terrible mistake."

Reid refused to give the address of his family or any other information concerning it, but it was learned here that his two sons are attending one of the most select boarding schools in Chicago.

Rockefeller Gives His Results of Social Campaign.

Finds Unfortunates Are Victims of Circumstances.

Business Is Organized and Profits Are Large.

(BY A. F. DAY WIRE TO THE TIMES.)
NEW YORK, Jan. 27.—Man, not woman, is responsible for the organized social evil in this country. In the opinion of John D. Rockefeller, Jr., it is a man's business, "run for profit, and the profit is large."

These views are expressed in a statement made public by Mr. Rockefeller today giving further details of the aims of the Bureau of Social Hygiene through which Mr. Rockefeller and other philanthropists hope to attack and alleviate conditions which he considers "the greatest single menace to the perpetuation of the human race."

ORIGIN OF IDEA.
"The idea of establishing a permanent organization to cope with the social evil in this city," says the statement, "was the outgrowth of my service of six months as foreman of the 'white slave' grand jury, appointed in New York City at the beginning of 1910."

"I came at that time to realize the extent and horror of the evil and to believe that it constituted one of the great and vital world problems of the day."

PUBLISHED RESULTS.
"Under the direction of the bureau, George J. Kneeland, who conducted the investigation carried on by the Chicago Vice Commission, has made a comprehensive study of vice conditions in this city, and Abraham Flexner has spent nearly a year abroad investigating the methods of dealing with this problem in the leading cities of Europe. He will make further studies in a number of the largest cities of this country. As each of these studies is completed, it will be published and until this is done, the bureau deems it wiser and premature to make any conclusions as to a method of dealing with the social evil in this city."

CALLS WOMAN A VICTIM.
As to whether the unfortunate woman is a victim in a contributor to her own vicious career, Mr. Rockefeller says:

"I say unhesitatingly that in the vast majority of cases she is a victim. Prostitution as now conducted in this country or in Europe is very largely a matter of business. It is a business run for a profit and the profit is large. It is my belief that less than 25 per cent of the prostitutes in this country would have fallen if they had an equally good chance to lead pure lives. That they have been dragged into the mire in such large numbers is due to the variety of circumstances, among which are poverty, low wage, improper home conditions and lack of training, the desire to gratify the natural craving for amusement, pretty things etc.; but while all of these and many others may be contributing causes, man is chiefly responsible for their fall."

WOMAN AND CHILD KILLED.
Bullets of Police Intended for Canadian Outlaw Strike Innocent Victims of His Cabin.

(BY A. F. DAY WIRE TO THE TIMES.)
WINNIPEG (Man.) Jan. 27.—In a battle between a Sheriff's posse and John Baran, the outlaw, at his home near Riding Mountain today, a woman and child were shot to death by fire from the outlaw's cabin. Baran was charged with wife desertion. When the posse appeared at the

place, Baran opened fire, killing a woman and child. The posse then entered the cabin and found the bodies of the woman and child. Baran was then shot and killed.

RE-EMERGE CARL KRONAUER.
Contractor for Los Angeles "Times" Building Chosen President of Portland Cement Company.

(BY DIRECT WIRE TO THE TIMES.)
EL PASO, Jan. 27.—(Exclusive Dispatch.) At the annual election of officers and stockholders meeting of the Southwestern Portland Cement Company, which was held in El Paso today, Carl Kronauer, contractor for the erection of the new Times Building, was re-elected president of the company, and four other Los Angeles men secured as directors. These are C. C. Morrell, J. E. Schmitt, C. F. Nelson and W. E. Kellie.

At this meeting it was decided to reduce the number of members of the board from fifteen to eleven and to increase the price of cement at least 25 cents because of the increased cost of fuel and other commodities in the manufacture of cement.

MAIL CARRIER IS KICKED OUT.
OWNER OF APARTMENT-HOUSE CALLED TO ACCOUNT.

United States Court in Salt Lake City Will Decide Whether Proprietor of Building Can Compel Special Messenger to Go to the Floor Like Ice Men.

(BY DIRECT WIRE TO THE TIMES.)
SALT LAKE, Jan. 27.—(Exclusive Dispatch.) Has the owner of an apartment-house the right to throw a mail carrier into the street if the carrier does not observe the rules of the building? This question will be decided by the United States Court here in the near future. Complaints have been made by Postal Inspector A. L. McKee and United States District Attorney H. B. Smith to the local United States Marshal against Abraham Doremus, proprietor of the Progress apartment, accusing him of forcing out a special delivery messenger. The maximum penalty for this offense is a fine of \$500.

Doremus posted a sign in front of the building ordering mail carriers, milk men, ice men, etc., to deliver everything in the rear. Friday a special delivery messenger went to deliver a letter and was thrown out.

INCORPORATE WITH SEVENTY MILLIONS CAPITAL.

Men Active in Affairs of International Company in Chicago Vice-Papers Warn Specifically Name Preferred Stock to Bear Seven Per Cent Dividend.

(BY A. F. NIGHT WIRE TO THE TIMES.)
TRENTON, Jan. 27.—Articles incorporating the International Harvester Corporation with an authorized capital of \$70,000,000 was filed with the Secretary of State this afternoon. The incorporators being men actively connected with the International Harvester Company, a concern already chartered, under the laws of New Jersey, with an authorized capital of \$140,000,000.

In connection with the filing of the articles of incorporation there was filed with the Secretary of State a letter from the International Harvester Company signed by its president, Cyrus H. McCormick, that the company has no objection to the making up of its stock in whole or in part by the International Harvester Corporation.

In the letter it is also stated that it is the purpose of the International Harvester Corporation to change the title of the company to the International Harvester Company of New Jersey. The capital stock of the new corporation is made up of \$30,000,000 preferred stock and \$40,000,000 common with the preferred to bear 7 per cent cumulative dividends. The incorporators are Harold F. McCormick and William J. Landerbeck, Chicago; William L. Saunders, Plainfield, N. J.; John A. Chapman, Chicago, and Charles F. Gregory and Robert H. Nelson, New York.

Consult the Trust Department of the Security Trust & Savings Bank about your will.

It has taken the Security Trust & Savings Bank almost a quarter of a century to perfect this organization as it stands today. As the guardian of the savings of more than \$4,000,000 depositors, the "SECURITY" adheres strictly to those ultra-conservative policies which long experience has developed and proved essential. This bank pays the highest rate of interest that is consistent with safety.

KERN TRADING LEADS IN RIGS.

Company Starts Many New Ones in Midway.

New Oil Well Commissioner Elected at Coalinga.

Hopes to Systematize Work in Oil Fields.

The Kern Trading and Oil Company continues active development in Midway and Sunset, having erected during December five new rigs. For the last few months this company has held either first or second place in the number of new rigs started, and has even led the General Petroleum during the last two months, which company has generally been the prime mover in initiating new operations.

According to a report of the field activities the General Petroleum Company built only one rig during December, on the Globe division, section 15, 21-32, and the Standard only one, on section 25, 21-32. The C. M. O., or Santa Fe, put up two, one on section 10, 21-32, and the other on section 24, 21-32. Among the other companies building one rig each in Midway or Sunset during December were the following: Baltimore, California Midway, Caribon, Dome, Honolulu Consolidated, Olig Crude, Pyramid, R. W. Stephens, Micon, M. J. and M. & M. Consolidated.

Resumes Dividends.

The West Coast Oil Company, which for two years paid no dividends, has lately made two disbursements, and has declared a third dividend, payable February 15. Since taking over the Industrial Oil Company's property in the Olinia field the company's output has been increased considerably. The total monthly production of the company is figured at about \$9,000 barrels. Two wells have been drilled on the West Coast holding, one of them being near completion. The rate of dividends has been \$1 per share. The stock of the company is apparently very closely held locally, for there has been none offered for the exchange for some time. The West Coast is a subsidiary of the Associated.

La Habra Valley.

Well No. 8 of the Union Oil Company in La Habra Valley was tubed

yesterday, preparatory to bringing it in. It was expected to be producing at any moment. No. 1 well has had a good showing of oil in shale, and is to be completed at \$210 feet. The Amalgamated Oil Company has wells Nos. 10 and 11 in oil sand at 2167 and 2078 feet, respectively, in the valley. They are expected to come in shortly. No. 14 was drilling at 1261 feet and No. 16 at 1037 feet yesterday.

Good Oil Showing.

The Union Oil Company's No. 3 well on the Hale-McLeod lease in Midway is filling with oil, but on account of the formation caving it has been difficult to make progress. The gas pressure is very strong. The casing collapsed, however, and redrilling is in progress. No. 1, which was not a large well, is also redrilled, and has been cemented.

SUPERVISORS MEET.

PICK OIL WELL COMMISSIONER. The board of supervisors of the county of COALINGA, Jan. 21—in regular session yesterday the Board of Supervisors of Fresno county, among other business, appointed M. J. Kerwin of this city to the office of Oil Well Commissioner of the Coalinga field. There were seven other applicants for the appointment, but Kerwin went before the board armed with a petition on which at least 25 per cent of the oil companies of the field were represented.

Kerwin has had a vast amount of experience in the Coalinga field, which will be of great value to him. He was connected with the Associated Oil Company here for five years in the capacity of geologist and engineer, and his work was largely along similar lines for that company as will be required of him in his new appointment.

Under the present act of the State Legislature the appointment of the commissioner is vested in the supervisors of each county. The salary, which in this county is set at \$150, does not permit the commissioner to maintain all office, collect data and compile it in a practical manner. Mervin hopes to prevail upon the supervisors to arrange so that he can maintain records that will be of value to the operators of the field and will be permanent for the use and advantage of his successor.

The office is maintained not alone to keep the drilled territory of the field free from water troubles, but is equally important in that it assists the operators in determining the proper place to shut water off in the wells. The larger companies maintain their own geologists for this purpose, but their data is not always available to the small operators. A very large percentage of the present loss of wells kept by the small companies of the field do not claim the formations passed through and frequently are of no value aside from showing the depth at which oil sand was encountered in the well. Strangely enough the wells are rarely mentioned in the written logs, although the knowledge of its location is very important. It is the desire of the new commissioner to install a system of files covering all of these important conditions, which will be of great value to all the operators.

Japs Visit Fields.

William Steele, manager of the Coalinga branch of the California National Supply Company, left by automobile for Los Hills, Belridge and Taft with K. Ito, K. Sugimoto and D. Matsugawa of the Nippon Oil Company, Ltd., of Echigo, Japan. The Japanese oil men spent the last two days looking over the Coalinga oil fields and oil well tool manufacturing establishments, with a view of learning as much as possible of California methods. They visited the principal leases and talked with the most experienced operators.

It is understood that when they return to their own country they will be accompanied by six or eight experienced California drillers, who will work for them in the Nippon fields.

Rig Pulled In.

Last evening about 7:30 rig No. 37 on section 27, of the California Oil-Field, Ltd., was pulled in, which carried considerable commotion, as it is at the foot of the office hill and right in the center of the camp. Ed Bell and Lester Coen were working in the derrick at the time, but fortunately were not injured. The well is one of the oldest on the lease and was redrilling when the accident occurred. The derrick had been standing for a good many years, and was in such condition this morning that a crew of rig builders were set to work raising the old rig preparatory to building a new one.

CHARGES AND DENIALS.

Man Who Attempts Suicide by Swallowing Box of Pills Accused of Arson Is Framed-Up.

J. D. Thayer, alias J. D. Huntington, alleged swindler of women, who made a vain attempt at suicide in the City Jail Sunday by swallowing a box of pills, said yesterday he was married to Mrs. Elizabeth Jackson, the woman who caused his arrest, after he had refused to return \$1000 worth of jewelry she had entrusted to him. Thayer declares his arrest is a frame-up on the part of Mrs. Jackson, who wants to get him out of the jail. The police disbelieve him.

Thayer says there is no truth in the charge that he forged the name of Earl Rogers to certain telegrams and papers. He asserts that he has never inserted advertisements in local papers to the effect that he was looking for a private secretary. Mrs. Jackson declares he did forge Rogers' name to lend strength to his alleged swindling schemes, and that she and others applied for work in his office as private secretary, attracted by his advertisements.

Miss Ethel Reid.

Sister of the confessed, convicted and sentenced forger and bank swindler William J. Reid. This photograph was made as Miss Reid was leaving the jail at Fresno after visiting her brother and after she had made a pathetic plea in court in his behalf.

LINKS MODESTY WITH HEROISM.

GIRL WHO DEFENDED BROTHER DENIES IDENTITY.

Passes Half-Hour After Arrival from Fresno in Trying to Avoid Interviewers—Mother of Convicted Man Seeks Stunned—Admits Daughter's Return.

Wearily from her heroic defense of her brother, William J. Reid, the convicted forger, Miss Ethel Reid arrived home last night from Fresno and passed the first half-hour after her arrival at the Arcade Station in sleepily denying her identity.

Miss Reid, who earned the admiration of the court at Fresno for her earnest and heroic defense of her brother, was in a highly nervous condition. She was extremely pale and seemed disappointed when no one was present to meet her at the train.

"I am not Miss Reid," she said. "Are you a sister of Miss Ethel Reid? This resemblance is remarkable," was asked.

"No, I am not Miss Reid, I am not a sister of Miss Reid and I don't know anything about Miss Reid. I want to be alone and not bothered," the girl cried almost hysterically.

Then she entered the ladies' waiting-room and seated herself with her hand bag and waited until the reporters had all given up in despair and departed.

At the home of her parents, No. 1940 West Twenty-third street, Mrs. John Reid, mother of the convicted man, stated that her daughter had returned last night, but would not be seen.

"There is nothing that we can say or do now," said the little gray woman as she leaned wearily against the half-opened door. "We have been so stunned that we have not been able to think. I guess we will continue to live here as usual, as there seems nothing else to do."

WOMEN FIGHT FLAMES.

Turn Out at Midnight When Fire Threatens Children's Fraternal Home—Small Damage.

Women at midnight Sunday assisted in subduing a fire that threatened the Children's Fraternal Home, No. 159 South Wellington street, where there were ten children. The flames broke out in the home of A. Edwards, No. 153 South Wellington, and were communicated to the home of J. H. King, next door. Both buildings were damaged, but the total loss is placed at less than \$1000.

Mrs. King, Mrs. Edwards, Mrs. Anna Holman and Mrs. A. L. Tremble helped fight the flames until the arrival of the fire department. The homes were outside the city limits, but the nearest engine-house responded to the call with a chemical truck.

BREWERY WORKERS BURNED.

William Smith, No. 1147 East Tenth street, and James L. Dunn, No. 1417 Warren street, were severely burned about the face, arms and body at the Malar Brewing Company's plant at 4:30 o'clock yesterday afternoon when fresh varnish on the inside of a large vat, where they were working, caught fire. The blaze resulted from the breaking of an electric light bulb. Smith and Dunn managed to climb out of the vat, which was six feet in depth, but were unable to stand a moment later. They were taken to the Receiving Hospital and later were removed to the State Hospital.

Business Annual Losses.

"Philadelphia Record." It is astonishing how prosperous we should be if there were no waste and losses. We are now told that cattle ticks cost the country \$100,000,000 a year. If we remember aright, the Department of Agriculture has told us that rats cost us as much as that, and several other varieties of vermin and injurious insects rob us of as much or larger sums. The underwriters tell us that nearly all the \$240,000,000 a year we lose in conflagrations is preventable, and the doctors tell us that the greater part of the sickness, which is a tremendous drain on individual and national resources, is preventable. Some time we may stop these leaks.

FRAUD CHARGE BY ATTORNEY FAILS.

She Says Property on Her Son Which He Marquand Was Owed—Mystery of What Is in the Jail—Cleared—Co-respondent in Divorce Suit?

When Mrs. Sarah Horton was the witness stand in Justice Tamm's courtroom yesterday, and testified that her son, William J. Reid, was not the man who had been charged with the crime of forgery, the jury was freed.

The jury had been in session for several hours, and the case had been argued by the prosecution and the defense. The jury had been told that the case was a "frame-up" and that the son was innocent.

GLAD OF THE CHANCE

Copper-colored Peas Taboo and Southern California May Therefore Fresh Up New Industry.

Exclusion of vegetables treated with sulphate of copper, including peas, artichokes, lima beans and string beans, etc., which are packed in France and imported into this country, should be an incentive for further growth of the fresh products throughout the year in Southern California, according to P. L. McDermott, New York importer and wholesaler, who is passing a few days at the Van Nuys.

"These goods have always been esteemed extra fancy and have been used only in the best of hotels and fine homes," he said. "So as to keep them in their natural color sulphate of copper is used in small quantities by the foreign packers. Wholesalers have received notice that they will no longer be allowed to bring in this kind of goods after May 1. The result will be a much heavier demand for fresh vegetables of extra fancy American pack."

"For that reason California, having the advantage of an open climate, can readily ship these products East throughout the winter if the farmers will grow them for so extensive a market. The packers here might also do well to put up a hand-packed list of vegetables which can be used on the most exclusive tables. It would mean thousands of dollars annually to this State if the idea was followed out."

McDermott resided in Los Angeles at one time and is well-known here for his marriage with Thais Lawton, for a time leading lady at the Belasco, but now retired.

"Mrs. McDermott has decided to try home life and forget the stage and its attractions in the future, and we are at present fitting up a beautiful home on Eighty-third street, New York," said the husband of the former Thais Lawton, who recently played leads at the Belasco, is a cousin of the former Thais Lawton.

READJUSTING DISTRICTS

County Superintendent of Schools Arranging Better Facilities for Dispensing Education.

A section of the Grant school district was shown off yesterday by the Board of Supervisors, upon recommendation of County Superintendent Keppel, and added to the Wiseburn district, to bring children in the district territory nearer to the Wiseburn school.

Keppel will have four hearings Friday on other proposed district changes. The change of 1000 acres from Santa Monica city to Santa Monica city will be taken up at 9:30 o'clock in the morning. At 1:30 in the afternoon the switching of two sections of land from Pasadena city district to La Canada will be debated; and an hour later the creation of a new district at Manhattan Beach will be discussed. Debate on the formation of the Santa Canyon district will occur late in the morning.

JUSTICE IS DONE

Defendants Pled in United States District Court and Law's Violations Received Sentence.

In the United States District Court yesterday F. H. Moke and Ross Stanley pleaded guilty to a charge involving a conspiracy to smuggle opium. Both men were given thirty days in the San Diego County Jail.

C. H. Saunders of San Diego, charged with making an assault upon a Federal agent, pleaded not guilty.

A. E. Golden, indicted in connection with the affairs of the American Brokerage Company of this city, was given a week in the county jail.

Peter Polonetta and Jim Magdalen pleaded guilty to the charge of introducing liquor on an Indian reservation in San Diego county. Each was fined \$100 and sixty days in the San Diego County Jail. Bartori Cervoni, similarly charged, pleaded not guilty and was released on his own recognizance.

Dr. Thomas H. Morgan, indicted for misuse of the mails in connection with the sale of a one-fourth interest in a garnet mine in Alaska, was not present when his case was called. He is at liberty on \$4000 bond.

CONSPIRATORS ARE GUILTY

L.W.W. Attorneys Must Go to Jail If Decree of Superior Court Is Carried Out.

The argument of the case of the people against E. F. Kirk and Harry McKee, on appeal from the Superior Court of San Diego county, was heard in the District Court of Appeals yesterday. Kirk and McKee were convicted last August on the charge of conspiring to violate an ordinance passed by the San Diego City Council, prohibiting street speaking, both of the men as attorneys being engaged in the defense of the L.W.W. members whose activities made life in San Diego a nightmare about that time. The defendants were found guilty; Kirk was sentenced to serve six months in the County Jail and pay a fine of \$100; McKee to three months and a fine of \$100.

The point made in argument for a new trial is the alleged misconduct on the part of Dist. Atty. Utley, who referred to the defendants, it is alleged, as the defense of the McKee brothers and legal backers of the Mexican revolutionists. It is also alleged that the accused were charged with conspiring to violate an ordinance that was not in existence at the time of the overt act. Both sides were given thirty days to file briefs.

At the time of the L.W.W. trouble in San Diego there were forty-two arrests made and fourteen tried, eight being acquitted and six convicted.

A decree by stipulation was entered in the United States District Court yesterday in favor of the plaintiff in the action brought by the government against the Victor Reservoir Company, with other defendants, seeking to cancel the right of way granted by the Secretary of the Interior to the Victor company, through and across government lands in San Bernardino county. The case was one of the numerous actions brought to recover lands granted to private corporations for commercial purposes, where the companies have made no effort to carry out their original intention.

JUDGE RUDKIN COMING.

Judge Rudkin announced yesterday that United States District Judge Frank H. Rudkin of Spokane will be in Los Angeles during February and March to assist in clearing up the calendar. Judge Rudkin will hear the case against the Cleveland Oil Company, charged with misuse of the mails. This hearing may require several weeks.

Miss Frances Cochrane.

Daughter of Col. T. J. Cochrane, whose wedding to Walter F. Dodsworth was a brilliant event of February 4.

St. John's Episcopal Church will be the scene February 4 of another brilliant wedding, when Miss Frances E. Cochrane and Walter F. Dodsworth will be united by Dean William MacCormack of St. Paul's Pro-Cathedral.

Miss Cochrane, who is the daughter of Col. T. J. Cochrane, ex-governor of the Pacific Branch, National Home for Disabled Volunteer Soldiers, has been a resident of Sawtelle for thirteen years, and for the past four years the recognized leader of the younger set there, as well as with an extensive social acquaintance in this city, Pasadena and Hollywood. While all unite in well wishes for her future, her separation from them will be a source of keen regret.

Mr. Dodsworth is the senior member of the Samuel Dodsworth Book Company of Kansas City. He will arrive in Los Angeles a few days prior to the wedding.

The bride-elect will be given away by her father and Mrs. Leo Chandler of the home which was owned by her mother, Miss Josephine Gordon of Pasadena, and Miss May Norton of Riverside have been asked to assist as bridesmaids, and Leo Chandler of Los Angeles will be best man.

After a brief honeymoon on the Coast Mr. and Mrs. Dodsworth will make their home in Kansas City.

Left for Boston.

Miss Margaret Barclay of Hollywood left Tuesday morning for Boston, where she will enter the New England Conservatory of Music. Miss Barclay has been one of the popular young debutantes of the season.

Home From Honeymoon.

Albert McIntire, with his bride, who was formerly Miss Lois Viola Tripp, has returned from their honeymoon trip, and will be at home at No. 121 Olive street after February 1.

A certain lecturer, who once recently held before one of the women's clubs, recently outside—she had just returned from a prolonged sojourn abroad—her New York friends had her for coming "to the West" to begin her lecture country, and then she made the most unattractive mistake on the day as to say in a word that there are more people here in Southern California than in the rest of the country, and of deeper culture, and more to say, can be found in the section of the United States which was a common comment on the New York club women who were in June, on route to the International Convention, that the women of California are general and intelligent in particular, were far in advance of those in the West.

In a matter of fact, we of the West are not so lacking in intelligence as it was not worth even a critic to say about these people to say that there are more people here in Southern California than in the rest of the country, and of deeper culture, and more to say, can be found in the section of the United States which was a common comment on the New York club women who were in June, on route to the International Convention, that the women of California are general and intelligent in particular, were far in advance of those in the West.

BIRD MEN TO FLY WEDNESDAY
Last Aviation Meet on Tuesday Week at Dominguez.
Fifteen Experts Are on List to Go Up.
Contents to Be Continued Until Monday.

The last of the big international aviation meets on the famous Dominguez Field is to open Wednesday afternoon and continue through February 1.

The most was to have been held December 31, but owing to various circumstances—chiefly better weather—it was transferred to the following day.

Fifteen aviators have already landed, thirteen machines are on the ground and several others are preparing to start. A large crowd of spectators is expected to be present.

HARVARD SCHOOL TAKES HONORS.
LA. P. NIGHT WIRE TO THE TIMES WASHINGTON, Jan. 27.—The National Rifle Association of America today announced the results of the first match between the military schools of the country in rifle shooting as follows:

BASKETBALL ON FOR Y.M.C.A. TEAMS.
BIG WEEKLY TOURNAMENT TO BEGIN FRIDAY.

Twelve of the Largest Churches in the City Are to Be Represented by Strong Five-Three Contests Are to Be Played Every Friday and Saturday Evenings.

Chief in Line of These Basketball Groups Is a New Organization, the Young Men's Bible Church League, representing twelve of the large churches of the city. Launched a few days ago with six teams, it is to open on its schedule this week with an even dozen five three contests.

In order to handle the league easily, William A. Barnhill, physical director of the Y.M.C.A., has divided it into divisions A and B. These will play a five-game series each and the winner then will battle for the trophy the association is offering.

Division A is to have the three-day gymnasium on Friday nights and play games at 8, 8:15 and 8:30 o'clock. Division B will play similarly on Saturday nights.

Following are the churches represented, together with a schedule of their games:

DIVISION A.
(1) Trinity M. E. Church.
(2) Bethel Baptist.
(3) First Congregational.
(4) West Adams M. E.
(5) University M. E.
(6) Calvary Baptist.

DIVISION B.
(1) Emmanuel Presbyterian.
(2) Wesleyan M. E.
(3) Knights of St. Paul.
(4) Hollywood Presbyterian.
(5) First Baptist.

Through the Valley.
IMPERIAL VALLEY is to have an automobile road race on Washington's Birthday. The course is to cover the entire valley, taking in the five towns, Brawley, Imperial, El Centro, Calexico and Holtville.

This news was brought into the city yesterday by an official representative of the Western Automobile Association who attended the meeting of the Imperial Valley race of Solids Sunday.

This meeting was attended by thirty of the most prominent automobile enthusiasts and business men of the valley. Each of the five towns which the race is to be run, was well represented.

COUNTRY CLUB GOSSIP.
BY ALMA WHITAKER.

IT IS RATHER hard to look at the Del Monte invitation golf tournament for Washington's Birthday should clash with the Victoria Club's event. In the case of the league team men, Riverside will, of course, win the day, since she has no less than four teams to meet during that busy week-end—San Gabriel, Los Angeles, Annandale, and the Virginia.

In the case of unattached players, however, Del Monte is likely to prove a draw for the programme is certainly alluring to the golf enthusiast. There are to be both men's and women's tournaments, with all sorts of trophies for every flight and deflection.

Mixed foursomes, consolation handicaps, boys' handicaps and driving, putting, and approaching competitions for both sexes, are all included in the long schedule, commencing February 22, and ending March 1—long, crowded week of it.

However, two more team matches take place on March 1, with San Gabriel's Club championship on that date, too, so Del Monte is unlikely to be flooded with southern golfers, much as they will yearn to be there.

The Women Golfers.
There are sweet rumors to the effect that some really nice-minded personage is going to put up a trophy for the women players at San Gabriel. If true, the women players deserve encouragement, it is those of the San Gabriel Country Club, where they really play the game for the love of it, consistently and regularly.

There are at least a dozen genuine devotees there—the sort of women who play in low, sensible heels and know the rules of the game, and concede the courtesy of the greens and concede the male golfer the precedence which is his lordly due, without even a murmur.

Miss Marion Clark, for instance, who has won the association medal three times. A graceful, skillful golfer and a thoroughly good sportsman. The next medal contention is on Tuesday, February 23, in which Mrs. Kearns of Riverside will play, Miss Alice Tobey plays rarely now, but that is not lack of enthusiasm but serious counter-claims on her time.

Miss Lulu Roberts and her mother are almost daily players, the former having improved remarkably in the last month or so, and is driving some fine shots.

Mrs. A. Soles is another player whose golf rises above the average. She won the Mackay writing contest with "The Mackay" and her father are very keen players in the same way that Mrs. Tobey and her father are. These papa-and-daughter matches always stir the imagination to spite of domestic appreciation.

Mr. Tobey, by the way, broke his own best record last week. Went through the Valley.

UP AND DOWN BROADWAY.

By "ZIP."

It wasn't many weeks ago that I met John W. Condit, the active head of the Sullivan & Condit real estate interest, strolling along the beach at Ocean Park.

While naturally the conversation turned to real estate, I thought I was just about to get something worth writing concerning the vacation situation in America, when he suddenly turned to me and said:

"You know, I like Southern California. I'm getting so that every time I have a chance, I seek quietly away from Seattle, Chicago or New York, or wherever business has called me, and I like Los Angeles. It isn't going to be very long before I make Southern California my home."

Nothing but many who inferred the same thing for various reasons, I made John's comment. But then, when Walter Kelly told me that Mr. Condit would just about that much in the way of getting ready to hold town of new thinkers, and when he says to be means it.

We certainly meant what he said. Condit, through his agents, has purchased the purchase of a fine tract of property on Ninth street in Santa Monica, upon which he will immediately begin the erection of a beautiful new Condit summer home to cost not less than \$10,000.

And that isn't all. He will also erect a stable to cost over \$10,000, in which are to be quartered the blooded Arabian, show horses, which, in the hands of his beautiful young daughter, have been carrying off the admiration of the blue bloods at most of the recent important horse shows in the Northwest.

Mr. Condit is perhaps the foremost horseman in the city. In fact, he has done a great deal in reviving the interest in horse racing and only recently acquired the big Woodlawn track and track, which he proposes to make famous as a breeding farm for blooded horses.

It was only a few weeks ago, when John Condit, who he was called a Director of the Los Angeles Horse Association.

Condit came and within ten days will this morning make his appearance on the stage of the Morocco Theater in the production of the Comyns opera, "A Love Story of the Ages," which is scheduled to follow "The Love Story of the Ages" at the Morocco Theater.

Condit is the only of the Morocco company who told the friends who gathered his college days, that he weighed only 147 pounds. The day of the automobile accident, the driver of the motor car in the 100 cent. horse collection, also some strenuous method.

PICKING OUT THE NEWEST CHORUS.

ALL KINDS OF GIRLS TRAINING FOR THE TIK TOK.

Frank Baum and Louis Gottschalk try out the chorus girls who answer the advertisement in "The Times" for the new opera house to be produced here.

Merrily skipping, gaily tripping
Tik tok, tik tok, tik tok
La la la, La la la

Or something that sounded very much like it occupied the attention of more than 200 young women yesterday morning in the big hall over the Burbank Theater.

It was the first "try out" of voices for "The Tik-Tok Man of Oz." Every girl in the large hall believed herself to be a Lillian Russell in the making, who only needed the chance to have her name emblazoned in electric letters in front of the theater and to have her own maid, the star dressing-room and all the other perquisites of the prima donna.

On an elevated platform at one end of the hall Frank Baum listed the ambitious young women. Those who resembled a military experience on the stage, and more particularly in musical comedy work, were immediately told to "stand over there," as Mr. Baum indicated a halcyon spot near a piano in front of which sat Louis Gottschalk, who wrote the music for "The Tik-Tok Man of Oz."

ALL SORTS OF GIRLS. There were all sorts of girls present. The scene resembled a military of a society gathering, a laundry ladies' outing, a chaperoned convention with a dash of the real theatrical stuff.

Said a young girl who seemed scarcely old enough to wander off alone trying to ear in rehearsal by stage work:

"The paper says—and remember, this is the author Baum—'whether paying for medium, heavy, or light.' 'Why do you want to know, you're a puny,' answered Mr. Baum, without giving the desired financial information."

"Well, I see, I'm not a puny, I'm a mother to join out with me, if there's enough in it for her. Personally I know what the London Bells for four seasons and I'm just off to travel and I got a guy what'll fill the 'bunsalor number,' she said.

DREADFUL MY DEAR. "Dreadful, isn't it my dear," murmured a haughty, handsomely-gowned young woman who had driven to the Burbank in her own automobile and whose recent appearance in an amateur theatrical performance was responsible for the idea that a story life is ever so much more enjoyable than a ceaseless round of dinner engagements, dances and receptions.

Some society maidens are scheduled to alter their minds after a few rehearsals of "The Tik-Tok Man" because Mr. Gottschalk is a

actor is an excellent scheme and one that will make the concert of exceptional interest to that portion of the audience that may not be well up on Wagnerian matters as are the musical chaps.

Vera Doria, who will be heard in concert with Signor de la Cruz at the Friday afternoon concert at the Morocco, ought to make a strong impression. Not only does she possess rare musical gifts, but she is a young woman of exceptional physical charm.

How is your imagination working today? Try it. Well, then, see how and imagine a city the size of Los Angeles and not a theater of the size of the Metropolitan.

After the first performance there was not a vacant seat at the Majestic last week—not even at either of the two extra matinees or the special performance Saturday morning.

Twenty-five thousand dollars is a lot of money for even the Shubert—or for any other managerial firm—to overlook.

This golden stream would surely have flowed into the Shubert coffers had the bright young man who books their shows had the slightest idea as to whether Los Angeles is a desert town or a regular city, where the very best of the drama affords is eagerly patronized.

"Of course, today, Edinburgh has several theaters," says Mr. Ramsay, "but throughout the length and breadth of all Scotland there were no playhouses when I was a youth. And even today there are places of considerable size that have no playhouses. Also, there still are rural communities where it is considered wicked to go to the theater at all."

"Scottish religious scruples and the objection of the church to the stage retarded the progress of theater art in Scotland," continued Mr. Ramsay.

Fifty teachers from the State Normal school of Los Angeles will attend the "Mission Play," San Gabriel, at today's matinee. The 15th presentation of Mr. McGraw's peasant drama, "A Love Story of the Ages," at the Hotel Lexington and the Westlake Hotel will also witness his performance, making the trip to San Gabriel in a parlor car. A party of guests of the Beverly Hills Hotel will be present at the matinee, and in the evening a large theater party from the Festival.

David M. Hartford is now hard at work on the manuscript of "The Elbow of Youth," a new comedy by Edwin Covington, which is scheduled for early production at the Burbank.

A musician who has followed concert and the life in this city for more than a score of years ventures the opinion that no such thoroughly well-balanced program as will be made known at the Morocco Theater Friday afternoon, when Signor de la Cruz and Vera Doria will give the first of a series of three Wagnerian concerts, has ever been offered to the music lovers of Los Angeles.

Signor de la Cruz's selections include the most difficult of the great German's writings, but inasmuch as the singer has specialized in Wagnerian roles on the other side of the water, where his grand opera triumphs have been achieved, the program should make no tax upon his vocal powers.

regular musical director who will apply regular musical director's tactics to the Tik-Tok rehearsals. Chorus girls are divided into three distinct classes: prima donnas and show girls.

PONIES AND SUCH. The ponies are the alert, sprightly hard-working little girls who do most of the hard dancing on sea in a musical show. They are the "villains" of the production and are the hardest to get of any type of chorus girls.

The medleys are between the ponies and the show girls in stature. They must have good voices and be reasonably good looking.

The show girls are the tall, haughty maidens popularized by the Freely Maidens of the Florida entertainers. The show girl does not necessarily have to sing, dance or do anything beyond look elegant in elaborate costumes while she stars in fashion.

At the poor deluded people in the audience who have paid their money to see the show. The show girl is one of the necessary evils of musical comedy or extravaganza.

Yesterday's work on the part of Mr. Baum and Mr. Gottschalk resulted in getting fourteen of the required twenty-four ponies; seventeen of the desired thirty medleys and eleven show girls of the two dozen that will be found in the production of "The Tik-Tok Man of Oz."

This morning another bunch of embryonic leading ladies and prima donnas were auditioned by the authors of "The Tik-Tok Man" and then the regular rehearsals will be taken up.

"but all that has been greatly overdone within the last score of years. The drama now is advancing rapidly in Scotland and interest in it has been thoroughly aroused. Scottish authors are writing Scottish plays and Scottish players are playing them in Scottish theaters and in the theaters of other countries."

A statistically inclined theatrical wise-acre ventures the belief—backed up by a string of figures that cover one side of an envelope—that "The Blue Bird" could easily have played to more than twenty-five thousand dollars more than it did in this city, had it been possible to continue the engagement of the Masterpiece play for another week.

SEMBRICH SEEKS ANOTHER ANGEL.

HOPES TO FIND A NEW SEMBRICH AMONG OUR GIRLS.

"If Not a Beg One, Then a So-terrible One," murmurs the Diva, who has heard no end of pretty girls warble the scale in the artist's suite at the Alexandria.

The secret is out. Miss Sembrich is looking for another Sembrich. She told me so herself, yesterday.

Artistically related, I mean, of course.

And she expects to find her right here in Southern California, which is like the Riviera and Italian—a climate which makes the voice, "ah men Diva, most beautiful." To which end she has heard no end of pretty girls warble the scale in the artist's suite at the Alexandria.

"If not a beg one, then a so-terrible one," she says, with that "dancing smile" for which she is famous—that "sympathetic" smile which makes her audiences love her.

Madame's voice is velvet when she speaks—you really feel as if you ought to pay attention.

And here is a case in which silence is golden, too. "For it is very trying that a singer speaks," she says.

"What is the matter with us artists?" I asked her.

"Oh, nothing, except a little patience. For the commerce you have patience, for the business you have patience—it is for the art—ah, you wish to arrive too quick."

"Isn't it imperative that a girl shall go to Europe to study?" she asked.

"It is well—for the language and for the music."

"Didn't you find opera more fascinating than concert work?"

"More fascinating, yes; yet at that, it is not so pink as it looks."

"What do you think of our national music?" I asked her.

"I think it is very good. I think the dignified little lady did a surprising thing, she just picked up her dainty skirts and showed her hot American do not know what rhythm is—that they do not keep the real time—that they will dance a symphony measure to three-fourths time."

in other words, will "trot" to a Strauss waltz! While—Mad Diva is artistic, isn't she?"

"When shall we arrive?" I inquired quite dispassionately.

NOT MIXED ENOUGH. "That is when you shall be all—more conglomerate—that isn't the word she used. She didn't use any word. I think she just used her hands—she may have said 'mixed.'"

"Then," she said, "you will arrive musically, for out of that will grow your national music."

Madame is so generously glad to see American girls arriving—her face is illumined when she speaks of their success—and many is the American girl who owes her start in opera to the open-hearted first singer.

So, I can no longer work for myself, than I work for the American girl, she says sweetly, as she bids me adieu.

"Oh, but that will be long," I exclaim, noting the fresh skin and the beautiful smiling magnetic eyes. "Very long, I'm sure—and as for another Sembrich, please allow me to doubt there'll ever be one!"

YACHTMEN TO GO AFTER FINE CUPS.

Some of the leading spirits of the South Coast Yacht Club declare they intend to go to San Diego this summer and bring back a host of cups and trophies of various kinds, for they expect the local club to be in better shape this summer than for several years. The principal trophy the boys are to go for is the Times cup, which was won two years ago by the Grubben in a whopper of a wind.

There is a big gold challenge cup there that is worth going after, and the local might make a try for the Tommy Lipton cup, but there is no enthusiasm over that, owing to the conditions that hinder it about.

With the South Coast, Sunset and San Diego clubs busy this year the chances are very good for a very interesting season.

This golden stream would surely have flowed into the Shubert coffers had the bright young man who books their shows had the slightest idea as to whether Los Angeles is a desert town or a regular city, where the very best of the drama affords is eagerly patronized.

And even today there are places of considerable size that have no playhouses. Also, there still are rural communities where it is considered wicked to go to the theater at all."

"Scottish religious scruples and the objection of the church to the stage retarded the progress of theater art in Scotland," continued Mr. Ramsay.

Fifty teachers from the State Normal school of Los Angeles will attend the "Mission Play," San Gabriel, at today's matinee. The 15th presentation of Mr. McGraw's peasant drama, "A Love Story of the Ages," at the Hotel Lexington and the Westlake Hotel will also witness his performance, making the trip to San Gabriel in a parlor car. A party of guests of the Beverly Hills Hotel will be present at the matinee, and in the evening a large theater party from the Festival.

David M. Hartford is now hard at work on the manuscript of "The Elbow of Youth," a new comedy by Edwin Covington, which is scheduled for early production at the Burbank.

A musician who has followed concert and the life in this city for more than a score of years ventures the opinion that no such thoroughly well-balanced program as will be made known at the Morocco Theater Friday afternoon, when Signor de la Cruz and Vera Doria will give the first of a series of three Wagnerian concerts, has ever been offered to the music lovers of Los Angeles.

Signor de la Cruz's selections include the most difficult of the great German's writings, but inasmuch as the singer has specialized in Wagnerian roles on the other side of the water, where his grand opera triumphs have been achieved, the program should make no tax upon his vocal powers.

The de la Cruz idea of prefacing each of the Wagnerian numbers with a few words of an explanatory character

NARDINO STATE ROAD.

...in Joyner's words, that "there is no road construction problem between Banning and Tuma that is not waiting to be solved."

...enclosed a copy of a letter he had written to the State Commission. He argues that the road, if built from San Bernardino, will pass through Redlands, Beaumont, Banning, Palm Springs, Indio, Coachella, Thermal, Mecca and Brawley, cities having an assessed valuation of over \$10,000,000, and a population of many thousands. Between San Diego and El Centro, he says, the only town is "Campo, with 200 people, and a valuation of \$12,000."

The road favored will have a grade never greater than 3 per cent, and will be built with plenty of material at hand and no haul greater than three miles, only small stretches of sand and no flood danger. Proponents of the San Diego scheme argue that the mistakes about the engineering of the road, which was made by the State Highway Commission, are of good citrus, cotton, date and alfalfa land will be opened up.

In closing, he says: "As I understand it, in determining the location of the State highways, the first thing to be considered is the law; second, the possibility and expense of permanent road construction; third, the development and population of the district under discussion, and fifth, the possibility of future development."

The route favored here is far ahead of all these reports, the Supervisors believe.

The State Highway Commission is made up of M. D. Eastington and F. Lewis Clark of Los Angeles, Burton C. Towne and W. R. Ellis of Redlands, and Charles D. Blaney of San Bernardino.

to lovers of good Macaroni!

Macaroni and Spaghetti-lovers are rapidly increasing in numbers every day. And no wonder! No dish (if you have the right brand) is more delicious or wholesome. Cooked in any of the numerous styles, it is a food for epicures.

The foreign macaroni was at one time considered best—but now that Bellescent Macaroni and Spaghetti are being made from much purer and richer materials—right here in our own Los Angeles—even local Italian, French and Spanish chefs have ceased using the foreign article for the more delicious Bellescent brands. Superlative gluten flour, better mixing and drying methods, and a spotlessly clean factory, render Bellescent Macaroni and Spaghetti much more preferable to the doubtful foreign goods.

Take no chances. Order the brands used exclusively by Southern California experts. Prepared daily in Los Angeles by Kahn-Beck Co.

SUMMARY OF THE DAY.
Representatives of the American-Hawaiian Steamship Company told the Harbor Advisory Board yesterday that the company wants a franchise to build a wharf 110x1000 feet on the inner harbor south of Tenth street, bringing much business to this port. The company was to make the necessary application.

The Harbor Advisory Board voted yesterday to compel the Standard American Dredging Company to comply with the provisions of its contract and fill Area B with dredging from Areas A and C and carry to see any surplus dredgings at its own expense.

President Foulkes of the Board of Public Utilities Commission declared yesterday that he opposes the Graham plan for the high line to San Dimas and believes every part of Los Angeles should have aqueduct water before outside territory is served. He points out that eighteen private water companies are operating in this city and are unable to give their patrons sufficient supply.

W. G. Triest, chief of the city's contractors for the concrete wharf at the Huntington fill, stated yesterday that he expects to begin construction within a few days, and is bringing a corps of skilled employees from the East.

The contract for the asphalt paving of Main street from Thirty-sixth place to Manchester avenue, was awarded by the Board of Public Works yesterday to George H. Oswald for \$14,000.

A hotel porter has filed a petition in the Superior Court to be appointed administrator of his father's estate, which is considerable. He opposes the petition of his stepmother and alleges she has a husband living.

WOULD APPLY FOR FRANCHISE.

AMERICAN HAWAIIAN STEAMSHIP COMPANY COMING.

Representatives of the American-Hawaiian Steamship Company told the Harbor Advisory Board that the company wants a franchise to build a wharf 110x1000 feet on the inner harbor south of Tenth street, bringing much business to this port. The company was to make the necessary application.

An interesting feature of yesterday's session of the Harbor Advisory Board was the appearance of C. W. Cook, Pacific Coast manager of the American-Hawaiian Steamship Company, and R. D. Lapham, resident agent, who declared that this company is desirous of securing a franchise for a wharf on the inner harbor. They wanted the board to consider their proposed application for a franchise, and the Mayor and members of the board have been urged to make immediate application therefor.

They stated that they propose to construct a wharf 110 feet wide and about 1000 feet long and want a location on the inner harbor south of Tenth street, which would be just north of the Southern Pacific pier. The question arose as to whether present charter provisions requiring that there must be alternate spaces of 500 feet between leases granted by the city on water frontages at the harbor, and the Mayor declared that this provision is unjust and should be repealed or modified.

The steamship company representatives declared that they propose to build a large volume of business to the Los Angeles harbor and that at least one of their vessels will be in port nearly all the time.

HEALD TO CHASE?
VOTE ON MUNICIPAL NEWS.
The Municipal League, which organization last week filed with the City Clerk a request to the City Council asking that the question of continuing the publication of the Municipal News at the expense of the taxpayers be placed upon the ballot at the election to be held February 25, has changed its request, because of the fact that nothing but the bond propositions can be submitted to the people at that time. The league's request which will go before the Council today reads:

"We respectfully petition your honorable body to place upon the ballot for submission to the voters at one of the special elections soon to be held the proposition of whether or not the ordinance establishing a municipal newspaper commission and providing for a Municipal News shall be repealed."

REPORT PROGRESS.

ADVISORY BOARD'S GRIT.
General reports of progress on harbor work were received from the various commissions composing the Harbor Advisory Board at yesterday's meeting of this board.

"Work on the harbor is as far along as usual," reported Harbor Engineer Jubb.

"As usual," exclaimed the Mayor. "That isn't sufficient." Then he demanded detailed reports from the various commissions.

"The City Engineer reported that the city has filed its instructions in the sewer proceedings for the purpose of securing land from George H. Pack for the opening of Pacific avenue, and that the San Pedro citizens must complete securing the waivers of damages from other property owners on the street within ninety days.

President Woodman of the Harbor Commission reported that the Standard American Dredging Company is still depositing dredgings from its government contract on Area B, and after considerable discussion it was voted to notify the company that it must comply with the terms of its contract with the city and fill Area B from dredgings from Areas A and C and that all surplus dredgings must be disposed of at its own expense.

UTILITIES HEAD.

OPPOSES HIGH-LINE SCHEME.

President Foulkes of the Public Utilities Board stated yesterday that he is opposed to the Graham plan for a high-line conduit to San Dimas, as he believes the Los Angeles aqueduct waters should be conserved for the use of territory within this city or immediately adjacent thereto.

points, and also points out the injustice of asking citizens here to advance money at so much per foot for water-main extensions when it is proposed to make the city build the high line for the property owners in this outside territory proposed to be served by the Graham plan high line.

In one instance, that of the Vermont Square Water Company, comprehensive extensions of the private water system will have to be made before the advent of hot weather or the people will be short of water service, and if the private company does this it will be entering the field as a large competitor with the city's water department; but the Public Service Commission so far has failed to accept the offer to turn this system over to the city so that it may be supplied by the aqueduct water.

Number Slummers Down.
The Mayor stated yesterday that after a personal inspection of the locations proposed by the sixteen applications for the one saloon permit which the Police Commission can issue, he is certain that at least two-thirds of the locations would be rejected as improper, while there will be protests from property owners on the other three remaining.

He did not believe the Police Commission will reach a decision on this subject tomorrow. Delegations of neighbors continued to visit the Mayor's office yesterday to urge that he keep his promise and grant the saloon license to a member of their race.

Will Begin Wharf Work.

After a second inspection of the situation at municipal dock No. 1, Contractor Triest has told the members of the Harbor Advisory Board that he is satisfied that there is ample work on the dredging contract placed to allow his firm to begin at once on wharf construction, and that he expects to begin work within the coming week.

Snare & Triest are bringing from the East a force of expert employees, and they will at once begin the assembling of their plant at the harbor. It is probable that they will have to lay a temporary track from the Southern Pacific yards to the Huntington fill, in order to handle material shipments expeditiously.

Council May Confirm Out.

The Mayor stated last evening that he has not decided whether he will send to City Council today any communication in regard to the controversy over the appointment of Paul J. Ott, an ex-chief engineer of the bureau of fire alarm and police telegraph. He declared that he has personally called the attention of Councilmen to the situation as developed by the stand taken by the Civil Service Commission, and that it was now the move of the Council, and probably he would keep hands off.

It is probable the Council will vote to reconsider its previous action when it assembled this morning, and that it may then confirm the appointment of Ott. There is a rumor current, however, that there may be a letter back of this in the way of proposing an amendment of the ordinance creating this position so that the salary will be reduced from \$250 per month to a merely nominal sum.

Councilman Topham telegraphed out at San Francisco, asking him whether he would accept the appointment if the Council confirmed the Mayor's action, but Ott replied that he did not know thoroughly the situation here he could not answer.

Big Contract Awarded.

The Board of Public Works awarded to George H. Oswald yesterday the contract for the asphalt paving of South Main street, from Thirty-sixth place to Manchester avenue, a distance of a little less than three miles. The contract price is \$14,000, and the contractor will have 240 days within which to complete the work. Oswald was the contractor on San Juan avenue, a \$100,000 contract, a monument on which was held up for many months because of protests against the character of the work. He spent several thousand dollars on additional work on this street before it was finally accepted.

No Municipal Councils Now.

The Moneta-avenue Improvement Association, through its president, Dr. Thomas Chalmers Myers, filed with the City Clerk yesterday a statement to the City Council, in which it says:

"The Moneta-avenue Improvement Association desires to inform you that by reason of the many assessments for widening, paving, construction of new sidewalks, and the Exposition Park, and on account of the inability of the city to assume more of the expense, they are unable to secure the consent of a majority of the property owners for another assessment to build a municipal conduit on Moneta avenue; therefore we now only ask that all overhead wires be ordered underground and that the paving proceedings be continued with all possible haste."

Will Headjust Salaries.
The Finance Committee will recommend to the City Council today that it permit a readjustment of salaries in the office of the City Prosecutor, whereby the chief deputy will get \$200 per month instead of \$175, and the University Police Court prosecutor will get a salary of \$125 per month, instead of \$150.

The work of the City Prosecutor's office is growing so rapidly that City Prosecutor Winans told the Finance Committee yesterday he would be compelled to employ an extra man, as his force has been short one man since Guy Biddle was suspended. He stated that the office is handling an average of sixty-five cases per day, and that on one day 135 cases were filed.

Gets One-seventh.

The Board of Public Works has asked the City Council to transfer from general fund to the Bureau of Street Assessments the sum of \$25,000 to meet expenses likely to arise during the remainder of the fiscal year. The Council Finance Committee yesterday decided to make a transfer of only \$9000, and will take care of other demands as they appear from time to time.

More Work; More Help.

City Electrician Manahan tells the City Council that the business of his office has increased to such an extent that the present force is unable to meet the demands, and as a consequence builders are sometimes delayed from twenty-four to seventy-six hours, because they cannot get the official inspection of wiring on their buildings. He asks for more inspectors and an additional clerk. The Finance Committee recommends that the clerk be granted, but will investigate for another week as to the desired inspectors.

No Fire Escapes Now.
Based on the grounds that the city will have a new City Hall after while the Finance Committee yesterday turned down the request of the Play-ground Commission that fire escapes be placed on the top story of the hall, where the offices of this commission are located.

City Hall Berivies.
The Fire Commission requested the City Council yesterday to authorize the Board of Public Works to proceed immediately to construct the engine-house at Fourteenth street and Central avenue by day labor, and to have the present firehouse moved to the rear of the lot.

The thanks of the Fire Commission were given yesterday to the Pierce company for supplying without cost an ambulance for the removal of injured men at the recent Hotel Brennan fire, and also to the concerns which supplied coffee and sandwiches to the fire-fighters.

The Standard Construction and Development Company has resumed its work on the improvement of J street, Wilmington, and expects to complete it during the present week, so the Board of Public Works was informed yesterday.

The fourth checking of the referendum petitions on the dance hall ordinance is now in progress in the office of the Promoters of this movement state that should there not be sufficient signatures on the referendum petitions they will at once file an initiative for action on which they have been working for the past two weeks.

At the Courthouse.

FORTUNE'S SMILE IS UNEXPECTED.

LARGE ESTATE MAY FALL TO HOTEL PORTER.

His Petition in Opposition to Step-mother's Alleges She Has Husband Living and Denies Legality of Her Marriage to His Father—Search for Heir.

The petition of Austin Brian for letters of administration on the \$55,000 estate of his father, Henry P. Brian, brings into court a bitter fight, and reveals a double marriage. The elder Brian, it is alleged, advertised for a housekeeper and Rosa, who was an applicant, responded and was engaged. Brian married her in 1907. Austin was working as a porter. It is declared by his attorney, and was not aware, his father was dead or that he had been left a large estate. His petition is in opposition to his stepmother and alleges she has a former husband and denies the legality of her marriage to his father.

The elder Brian died on the 15th inst. Mrs. Brian filed her petition three days later. Meantime, there was a strenuous hunt for Austin, who was finally found working as a porter in a local hotel.

ORDERED INTO COURT.
WEALTHY MAN IN CONTEMPT.
Owen McCann, a retired wealthy produce dealer of Pittsburgh, was ordered into the Superior Court yesterday on contempt proceedings, and an order to show cause why he should not pay alimony. The situation was evoked from the apparent determination of Judge Monroe to order McCann to sign and execute a bond and mortgage.

Attorney Dehm, representing McCann, objected to his client's signing the papers. He said they include property over which he has no control. It developed the bond and mortgage cover property in Pittsburgh in which McCann owns a half-interest, the other half being owned by his brother, Frank. The court instructed Attorney Scott, counsel for Mrs. McCann, to amend the papers so that the mortgage will cover the property owned by McCann. He continued the case until Monday.

Mrs. McCann was granted a divorce from her husband last November. Her case was ordered to pay her \$500 a month alimony for a year and deed to her property said to be worth \$125,000. McCann, on the advice of his counsel, refused to do so.

When the case was called yesterday, Dehm stated his intention to appeal from the judgment of Judge Monroe as to the property. He offered in behalf of his client, to turn over all of the unencumbered property, valued by the other side at \$147,000. But as the papers were drawn he said his client would refuse to sign them.

STOCK SUIT.

HOTEL MANAGER DEFENDANT.
A deal harking back to 1902 forms the basis of a suit filed yesterday by Maria H. Roberts against D. M. Linnard of the Hotel Maryland, for the recovery of \$43,846.64. Mrs. Roberts is the widow of Luther H. Roberts of Pasadena, who owned an equity of \$7,000 in the property of La Casa Grande. He died September 27, 1904. Mrs. Roberts alleges the property was conveyed to the Pasadena syndicate for 100 shares of the stock of the corporation. She alleges Linnard said in his option the stock under his management would be of greater value than \$27,000 at the end of ten years and if it was not, he agreed to purchase it at that price. He also said he would guarantee earnings of \$400 a year for the ten years the agreement would hold good. This agreement was superseded by an agreement dated February 16, 1906 when the Crown City Investment Company was incorporated. The earnings were paid. It is alleged, under the agreement, 1909. She claims the stock paid no dividends with this exception and that there is now due under the agreement \$14,846.64. At the expiration of the agreement she refused to return the 100 shares of the property conveyed, which tender was refused by Linnard. She now seeks to recover the original investment and the guaranteed earnings.

WANTS GUARANTEE.

COURT SATISFIED ATTORNEY.
Attorney Todd seemed pleased yesterday when Attorney Wehrle asked for another continuance in litigation involving the estate of D. C. Mensing. Mrs. Minnie Todd, wife of the lawyer, is a beneficiary and the written document guaranteeing her \$2000 a year is his daughter, is opposed by other heirs. Todd asked Judge Willis what guarantee he and if the case went over that another continuance would not be asked for. Each continuance has cost him money, he said, and he wanted the case to come to trial.

"How do I know somebody isn't going to break a leg or something, and have the case put off?" he exclaimed.

"That's easy," retorted Judge Willis. "I will issue an injunction restraining anybody interested from fracturing a limb. I'll set the case for Department Ten, February 25."

WOMAN'S AGE.

RULING BY THE COURT.

Judge Craig straightened a kink in the feminine mind yesterday when he ruled that the law of suffrage, which makes women eligible to vote at 21 years, does not apply to the legal age of women in reference to signing deeds or other public documents.

Mrs. V. G. Gruenman signed a deed to property when she was about 19 years old. She subsequently brought suit to set the deed aside. Her counsel yesterday argued that on account of the enfranchisement of women who was not of age at the time she had reached the age of 21 years.

The defendant, Devereaux Gustin, demurred to the complaint on the ground that the age of the woman was not a material fact in the case, and that the complaint did not state a cause for action. The court sustained the demurrer, holding the law in that regard does not affect the question of the plaintiff becoming of age for the purpose of entering into a contract, but covers only the one question of the right to vote.

DECIDES AGAINST BOTH.
DECISION CUTS BOTH WAYS.
A decision that cut both ways was made by Judge Smith yesterday in the separate maintenance suit brought by Josephine Scheer against Henry G. Scheer. Mrs. Scheer was denied separate maintenance, and the cross-complaint of Scheer, alleging he is an incompetent was treated similarly.

Scheer is the son of Mrs. Ada Bram, who is wealthy. He met Josephine while both were employed at a Venice restaurant. After they were married, Josephine sued her husband in law, charging alienation of the affections of Harry. Judge Craig decided against her. Then she filed suit for separate maintenance, but her husband's lawyer argued that she was an incompetent when he married Josephine.

RAN ON DUELS.
COMMISSIONER'S UNIQUE OATH.
John McPherson was sworn in as a commissioner of deeds at Nevada by Judge Willis yesterday. The oath of office was unusual. It obligated McPherson not to fight a duel, and to accept a challenge to fight a duel or accept a challenge to fight a duel or accept a challenge to fight a duel.

The oath of office is an old-timey but still in force. Nevada's conditions, McPherson says, do not embarrass him as he has no intention to mix in settlement of affairs of honor by sword or revolver. This is his fourth term in office.

KEEPS UP FIGHT.
WILL APPEAL WARR CASE.
When Carl Warr, the dynamite and Socialist, appears before Judge Willis for sentence this morning, Attorney Warr will move for a new trial, and if this is denied he will appeal to the Supreme Court, he says.

White said yesterday his ground for appeal was the error of the jury which tried Warr the transcript of the latter's testimony in the Police Court. While contending this was inadmissible inasmuch as Warr was not represented by counsel in the Police Court.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

BRIGGS ESTATE. The \$57,974.84 estate of the late Louis W. Briggs, formerly of Detroit, is left to the widow, Henrietta E. Briggs, who died the petition for the probate of the will yesterday. Briggs died January 4, last. He owned 150 shares of stock of the First National Bank of Detroit, valued at \$38,250, and stock in the Redlands National Bank worth \$4000.

CHARGES EXTORTION. Ernest Warr, a former motorist, was arrested at Vernon, pleaded not guilty to extortion in Judge McCormick's court yesterday. His trial was set for March 20. It is alleged Warr demanded money from automobilists September 21 last, when it is averred he received \$4 from B. N. Lee, Milton Baruch. They are the principal witnesses against Dorsey. They allege on that date he placed them under arrest for driving without lights, and asking for and receiving the money, instructed them to appear in the Police Court next morning.

SUPERVISORS SET LIMIT.

Auditor May Not Spend More Than Ten Thousand Checking up Books of the County.
The new system of county auditing, substituting a special department in Auditor Lewis' office for the services of the county grand jury, will be continued until further notice, according to a decision of the Board of Supervisors yesterday.

For more than a year Lewis has tried to have this department put in. His idea is that it shall look into the accounts of all departments and that the grand jury shall in the future audit only the auditing department's accounts. This will work for simplification, he believes.

There are eleven men working at present in the new department, six at \$4 a day and two at \$150 a month. This will cost the county \$24 a day, or about \$10,000 a year. By motion of Supervisor Norton, Lewis may not go beyond that figure. The Auditor says the school accounts have not been thoroughly checked up for three years and that some other departments are far from up-to-date.
